## 11 BOTANICALS

Juniper berries, coriander seeds, grains of paradise, angelica root, iris root, lemon peel, bitter almond, lemon grass, china yunnan matured tea, imperial pu-erh himalaya secret of cashmere black tea, assam black tea harmutty

## THE PROCESS

Our botanicals (except the teas) are macerated & distilled in a copper pot still (400l). We add the separate distilled teas afterwards.

## TASTING NOTES

The highly balanced and surprisingly smooth Blind Tiger Imperial Secrets opens with a complex nose of matured grain spirit, juniper, and spice from grains of paradise and bitter almond.

On the palate, higher notes of citrus, coriander, and lemon grass bleed through, backed up by a warming glow of both the imperial black tea and the 45% alcohol grain spirit which lingers on in the aftertaste.

Aroma and palate are interspersed by floral notes from the tea which play a prominent role in the grand finale.
